

# The Keyboard

Tab key will move you to the next line

The "@" symbol is used often in Email address you must hold down "Shift" and press "2"

<http://www.sense-lang.org/typing>

Backspace will remove one letter or space to the left

By pressing the "Caps Lock" key once, ALL LETTERS TYPED WILL BE UPPERCASE. Press once more to make it normal

Holding down the "Shift" button is similar to the Caps lock button, as it will make the letters CAPS. You often use this for the @ symbol for emails.

Most web address will use "/" not to be confused with "\"

"Enter" will take you to the next line or type an address or password to go to the next page

# The 10 Key Pad

If you are trying to type numbers and nothing appears press "Num Lock"
